A New City Park

A development from the auction sale of lots in the N. M. Gibson subdivision Tuesday is the certainty of the city having its own park in the future. Eleven of the lots on the crest of the hill east of Main street on which are located the beautiful oaks were bought in for the city at \$1100 and twelve citizens present at the time guaranteed the payment of the money, it being understood the property was to be used as a city park.

Wednesday Mayor C. W. Crawford and others drew up an agreement which was generally signed by the business men and citizens of the town to buy the property, deed it to the mayor and aldermen of the town and their successors in office for park purposes. The document was signed by most of the business men about town and the steps taken to acquire it were generally approved.

Just the plans for the improvement and up-keep of the park, once it is bought, have to be worked out by the town authorities, but it is a splendid addition to the town's holdings, and can be made wonderfully beneficial.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

Co-Operative Creamery Again

A letter to The Falcon this week from L. P. Bellah states that he will meet the citizens of Somerville and vicinity on Thursday, May 13, at 2 p. m. to discuss with them the establishment of a Co-Operative Creamery in Somerville.

He wrote this office sometime ago in regard to the matter and his letter was published in these columns. Since then numerous interested parties of the section have discussed the matter with us and it was their request that Mr. Bellah was asked to come to this city to discuss the matter. He has now fixed the date of his coming and we trust that all those interested in the establishment here of such an enterprise be present to hear his explanation of the matter.

Do Your Best

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious, troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work. Salvation Army Drive

From May 10 to 20 the Salvation Army will make a drive for \$150,000 to maintain and extend its home service work in Tennessee. All counties have been organized and are in charge of the best known and most influential Tennesseans, who have taken over the management of the drive.

The Salvation Army home service work has suffered because of the war. It has been difficult to obtain funds to carry on local activities, and workers in relief and welfare work have been compelled to devote much of their time to soliciting.

It is the purpose of the Salvation Army in Tennessee to make a single appeal to the people for support, thus doing away with soliciting by officers during the year. By this method the full time of these workers can be given to relief work.

The purpose of this drive is to permit this organization to enlarge and improve its work. The demands made upon it have been incessant and its resources have been so reduced that the \$150,000 is considered to be absolutely essential. Fayette county's quota is \$1,800.00.

"Garner Hill, Gladstone, N. J. Sells Rat-Snap"

"I sell and use RAT-SNAP. Like to look any man in the face and tell its best. It's good. People like RAT-SNAP because it 'does' kill rats. Petrifies carcasses—leaves no smell. Comes in cakes—no mixing to do. Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by W. S. Shinsault, Rhea Drug Co., G. W. Locke. adv.

Assistant Live Stock Specialist Named

A. L. Jordan of Alabama has been appointed assistant specialist in animal husbandry, Division of Extension, University of Tennessee. Mr. Jordan is a graduate of the Alabama Agricultural college at Auburn. He took graduate work in the College of Agriculture at the University of Missouri and completed his study in the University of Illinois. For two years he was associated with the Division of Extension of North Carolina. He left that field to enter the army where he was commissioned a captain. He knows particularly well the needs of the South in the way of live stock improvement, having for sometime been associated with livestock development in this section. The Division of Extension of the University of Tennessee considers itself particularly fortunate in securing a man of Mr. Jordan's training and ability for this work.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. McGEE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of the babies. It is pure, wholesome and pleasant to take. Sold by Price Drug Co. Adv.

Garden Notes

Weather of the past ten days has not been encouraging for gardeners, but a fair amount of garden work has been done. Many gardens were not touched until the last of April because of continued wet weather which made the soil unfit for cultivation. Then with a few good days work started in earnest, only to be stopped again in short order by rains. It has been a bad spring for gardens and for farm work and every thing is unusually late throughout this entire section, and with the soil soaking wet now and raining there seems little hope of other work in garden and field for several days to come.

Transplanting of egg plants and sweet peppers is now in order. Ours have been in the garden for ten days and with the heavy moisture they hardly felt the transplanting.

Our Charleston cabbage plants are now ready for transplanting and we have thousands for sale. The Charleston is a larger and later sort than the earlier varieties planted first and makes a fine large head.

Are you keeping up the succession of those vegetables that grow all summer? Corn, beans, cabbage, and numerous others can be so planted that they will furnish a continuous supply every day in the summer. And if these are not taking their room in the garden, then weed-likely will use the space. And where the early vegetables are grown should be kept busy with other crops when the earlier are off. We try to keep every row in our garden filled with some useful crop throughout the entire summer and keep it worked clean of grass and weeds.

We had our first spring peas for dinner last Sunday, the first Sunday in May, which is the average date for the first in this section, but we did not have spring lamb to go with them.

Several family gardens in this section are furnishing the tables with ripe strawberries. Ours are not quite ready, but will be by the end of the week, and the crop promises well this year.

It is about time for the first transplanting of sweet potatoes. A few have wanted earlier plants, but the middle of May is early enough for them and they do better transplanted then and on to July 1.

It is time to plant celery for the year's crop. It can be planted in the rows where it is to grow, or in beds to be transplanted later. The self-bleaching varieties are easier to bleach in the fall, but the large varieties are more hardy and stand more heat in summer and more cold in the early fall and winter. The home raised is far better than the northern raised celery.

WHAT IS THE MATTER WITH THAT CHILD?

When Children Grow Pale and Listless Their Blood May Be Weak

PEPTO-MANGAN MAKES RED BLOOD

Sold By Druggists In Liquid and Tablet Form—Both the Same In Medicinal Quality

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not a deep-seated disease but merely due to poor blood, give Pepto-Mangan. It is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gode's." Ask your druggist for "Gode's" and look for the name "Gode's" on the package, if it is not there, it is not Pepto-Mangan. —Advertisement.

The Coming City Elections

The entries for the coming city election closed last Saturday night with two tickets filed with the Board of Election Commissioners for being printed on the official ballot, the some names of Aldermen are on both tickets. Following are the candidates who qualified by having their name certified to the Commissioners: For Mayor C. W. Crawford, present incumbent and Dr. Jno. Morris; for Recorder, J. G. Hendon, present Recorder, and James D. Rhea; for Aldermen, the old board composed of W. H. Leach Sr., C. R. Wirwa, C. A. Oliver, J. W. Morrison, E. T. Henley, W. E. Narremore, and the new ticket composed of C. R. Wirwa, C. A. Oliver, J. W. Morrison, of the old board, and J. L. Sanders, J. B. Summers and J. K. Crawford as new members; for Water & Light Commissioners, W. S. Latta, S. A. Weizier and G. W. Locke, present incumbents.

There seems no activity on the part of any of the candidates or their friends, and little interest is apparent in the approaching election which will be held on May 12.

Salvation Army Campaign in Fayette

The organization of the Salvation Army for its drive throughout the county has been completed and this county is preparing to do its share in the campaign for funds for the Home Service work which begins next Monday, May 10, and lasts throughout the week. Hon. C. A. Stainback, Chairman for this county, has appointed the following district chairmen to take charge of the soliciting in their respective districts: First, J. C. Lightfoot, second, J. Freeland, third, Dr. Brinkley, fourth, Miss Mattie Watkins, fifth, L. R. Shelton, sixth, Miss Mary Shore, seventh, A. U. Luck, eighth, E. S. Matthews, ninth, W. J. Murphy, tenth, F. F. Boyd, eleventh, W. L. Buswell, twelfth, R. N. Ware, thirteenth, P. R. Beasley, fourteenth, H. Crawford, fifteenth, J. E. Parks.

The county's quota is \$1,800 and it has been apportioned as follows to the districts: the first district \$400 and each of the other districts \$100.

This organization has done fine work in every sphere it has entered and in the Home Service work it enters a new field with assured success.

About Rheumatism

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents. adv.

"We Picked Up Seven Large Dead Rats First Morning Using Rat-Snap."

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. Bought some RAT SNAP and picked up 7 large dead rats next morning and in 2 weeks I didn't see a single rat. RAT-SNAP is good and sure." Comes in cakes ready for use. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by G. W. Locke, W. S. Shinsault, Rhea Drug Co. Adv.

County Council of Agriculture Organized

A meeting of farmers at the court house last Saturday resulted in the organization of a County Council of Agriculture for Fayette county with the following officers: L. F. Catron, president, Dr. J. E. Parks, Vice-President, Mrs. Sam Taylor Secretary, and the following district representatives: First District: W. G. Day and Mrs. N. M. Gibson, second Bailey Morrison and Mrs. James Freeland, third Dr. G. T. Brinkley and Mrs. J. R. Freeland, fourth A. H. Harvey and Mrs. A. H. Sanders, fifth J. A. McNabb and Mrs. L. H. Montague, sixth W. R. Sney and Mrs. McClannahan, seventh A. V. Luck and Miss Annie Weber, eighth W. N. McFadden and Mrs. A. G. Murrell, ninth W. J. Murphy and Mrs. E. W. Dunn, tenth C. B. Piper and Mrs. Sanders, eleventh J. W. Mathison and Mrs. T. I. Tisdale, twelfth R. N. Ware, and Mrs. Franklin, thirteenth Mr. and Mrs. P. R. Beasley, fourteenth T. A. Crawford and Mrs. W. C. Crawford, fifteenth Sam Parks and Mrs. J. L. Parsons.

A. A. Pryor, Miss Brasfield and Mrs. N. M. Gison were appointed a committee to draw up by laws by the date of the next meeting, which was appointed for Saturday, May 15 at 2 p. m.

Similar organizations have done wonderfully good work in other counties of this state and other states and the field for good here is without limit.

SOMERVILLE TESTIMONY

Home Proof, Here, There and Everywhere

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Somerville resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Somerville recommendation. Then insist upon having Doan's. You will know what you are getting:

W. S. Newby, S. Main St., says "I was in pretty bad shape some time ago, owing to disordered kidneys. My back pained day and night, and I blame riding over rough roads for the starting of my trouble. I had to pass the kidney secretions quite frequently, and they caused a burning sensation. I felt tired and didn't have any ambition to do any kind of work. Seeing Doan's Kidney Pills so highly advertised, I decided to get a box at the Rhea Drug Co., and after using it, I felt a great deal better. I continued taking Doan's until entirely cured. I gladly recommend this medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newby had. Forster Milburn Co, Mfrs., Buffalo, N. Y. Adv.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60c.

Blake-Donnell

The Falcon is just in receipt of the announcement by Mr. and Mrs. D. K. Donnell of the marriage of their daughter, Margaret, to Truman A. Blake, the ceremony having taken place on Wednesday, May 5, at Blockton, Alabama.

The bride is one of this county's most charming young women. She was reared at Macon, then the home of her parents, was educated there in the public school, later graduating from the West Tennessee Normal School and was one of the county's successful teachers until last fall when she accepted a position as teacher in Alabama and there met Mr. Blake whose home is at Blockton. The Falcon and other friends of the bride in this county are congratulating Mr. Blake on winning the hand of this popular and cultured young woman.

The Falcon has no information other than that contained in the wedding announcement, but takes it that the young couple will reside in the Alabama town.
